Civil-military relations describes the relationship between civil society as a whole and the military organization or organizations established to protect it. CMR incorporates a diverse, often normative field, which moves within and across management, social science and policy scales. More narrowly, it describes the relationship between the civil authority of a given society and its military authority. Studies of civil-military relations often rest on a normative assumption that civilian ...

Civil-military relationships constitute a crucial element in the transition to substantive democracy all over the world. During periods of authoritarianism or civil war, the military in Latin America has been responsible for extensive violations of human rights and humanitarian law.

CIVIL-MILITARY RELATIONS. Civil-military relations can be understood as "Two Hands on the Sword." The civilian hand determines when the sword is drawn. The military hand keeps it sharp and wields it in combat, always guided by the purposes for which the war is being fought.
