Professor Thomas Borody, famous for curing peptic ulcers using a triple antibiotic therapy saving millions of lives, has released the COVID-19 treatment protocol to general practitioners in Australia who can legally prescribe it to their COVID-19 positive patients, and can also prescribe it as a preventative medication.

Frequently, the question arises as to what airfoil or airfoils were used in the wing design of a particular aircraft. Jane's All The World's Aircraft has been a good source of this information, but in many cases (particularly military air-

craft) it doesn't list this information. To answer this perennial question, the following list has been created.

CSS Grid Layout is the most powerful layout system available in CSS. It is a 2-dimensional system, meaning it can handle both columns and rows, unlike flexbox which is largely a 1-dimensional system. You work with Grid Layout by applying CSS rules both to a parent element (which becomes the Grid Container) and to that element's children (which become Grid Items).
