"A well-crafted page-turner that addresses the most important issue of our time. It will keep you reading well into the night."—Vince Flynn A New York Times reporter has drawn upon his experience covering the occupation in Iraq to write the most gripping and chillingly plausible thriller of the post-9/11 era. Alex Berenson's debut novel of suspense, *The Faithful Spy*, is a sharp, explosive story that takes readers inside the war on terror as fiction has never done before. John Wells is the only American CIA agent ever to penetrate al Qaeda. Since before the attacks in 2001, Wells has been hiding in the mountains of Pakistan, biding his time, building his cover. Now, on the orders of Omar Khadri—the malicious mastermind plotting more al Qaeda strikes on America—Wells is coming home. Neither Khadri nor Jennifer Exley, Wells's superior at Langley, knows quite what to expect. For Wells has changed during his years in the mountains. He has become

a Muslim. He finds the United States decadent and shallow. Yet he hates al Qaeda and the way it uses Islam to justify its murderous assaults on innocents. He is a man alone, and the CIA—still reeling from its failure to predict 9/11 or find weapons of mass destruction in Iraq—does not know whether to trust him. Among his handlers at Langley, only Exley believes in him, and even she sometimes wonders. And so the agency freezes Wells out, preferring to rely on high-tech means for gathering intelligence. But as that strategy fails and Khadri moves closer to unleashing the most devastating terrorist attack in history, Wells and Exley must somehow find a way to stop him, with or without the government's consent. From secret American military bases where suspects are held and "interrogated" to basement laboratories where al Qaeda's scientists grow the deadliest of biological weapons, *The Faithful Spy* is a riveting and cautionary tale, as affecting in its personal stories as it is sophisticated in its political de-

tails. The first spy thriller to grapple squarely with the complexities and terrors of today's world, this is a uniquely exciting and unnerving novel by an author who truly knows his territory.

Rick Fuller, a once decorated SAS hero, now Manchester hit-man, likes nothing better than disposing of his employer's rivals in return for a suitcase of cash. His spectacular fall from grace and obsession to discover the identity of the IRA terrorist who gunned down his wife, all but destroyed him. Ten years have passed since that fateful day, and Ireland has seen many changes. Patrick O'Donnell, the man who slaughtered Cathy Fuller on her doorstep in Hereford in 1996 is now the First Minister of the Province, and on the face of it, a trusted and respected politician. The British Secret Service know that O'Donnell is secretly the leader of the New IRA, a group determined to re-ignite the troubles and destabilise the peace process. Not only is The Firm willing to assist Fuller and his team to assassinate O'Donnell, but will pay handsomely for the privilege. 'The Fire' is book two in the Rick Fuller Trilogy... The game is definitely back on.

A REGIMENT LEGEND IS MISSING. ONLY ONE MAN CAN TRACK HIM DOWN. From No.1 bestselling SAS hero Chris Ryan comes OUTCAST, a brand new action thriller ripped straight from the headlines. _____ After single-handedly intervening in a deadly terrorist attack in Mali, SAS Warrant Officer Jamie 'Geordie' Carter is denounced as a lone wolf by jealous superiors. Now a Regiment outcast, Carter is given a second chance with a deniable mission: locate SAS hero-gone-rogue, David Vann. Vann had been sent into Afghanistan to train local rebels to fight the Taliban. But he's since gone silent and expected attacks on key targets have not happened. Track-

ing Vann through Afghanistan and Tajikistan, Carter not only discovers the rogue soldier's involvement in a conspiracy that stretches far beyond the Middle East - but an imminent attack that will have deadly consequences the world over . . . _____

Praise for SAS legend Chris Ryan: 'Ryan writes with the authority of a man familiar with every nuance of the regiment's tactics, training, weapons and equipment' - SUNDAY TIMES 'Nobody takes you to the action better than Ryan' - EVENING STANDARD 'Intelligent and enthralling' - FINANCIAL TIMES 'The action comes bullet-fast' - THE SUN 'Fearsome and fast-moving' - DAILY MAIL

The Scourge of Soho describes the dramatic and eventful life of Detective Sergeant Harry Challenor MM and at the same time lifts the lid on front-line policing and the murky world of Soho criminals in the 1950s and 1960s. Born into grinding poverty in 1922, Challenor fought with the Special Air Service during the Second World War, being parachuted behind enemy lines, captured twice, escaping twice. He was awarded the Military Medal. Joining the post-war Metropolitan Police, Challenor spent four years with the elite Flying Squad, before being sent to clear up crime in Soho. Pimps, racketeers and crooks were rounded-up and often found themselves in possession of a bewildering assortment of armaments of which they denied all knowledge. More sensible gangsters, like Reg and Ron Kray, took off as soon as his name was mentioned. Challenor could not be frightened or bought-off, so the gang leaders put up a £1,000 reward to anyone who could frame him. In the end, it was not needed. During a political demonstration in 1963, half-bricks were planted on innocent protesters and three young police-

men were imprisoned and Challenor certified as a paranoid schizophrenic and sent to a succession of psychiatric hospitals and care homes. Policeman--turned-author, Dick Kirby has interviewed former friends and colleagues of this determined but flawed character and has meticulously studied court records and official documents. The result is a sensational and gripping account of the man who became The Scourge of Soho. As featured in the East Anglian Daily Times, Bury Mercury and Wolverhampton Magazine.

In Paris, an elderly man is assassinated as he takes his morning walk. In the war-torn cities of Syria, government forces wage a bloody war against their own people. The Russians are propping up the government, the French are backing one rebel fraction and the British are backing another. And in north Africa, young SAS trooper Danny Black is coming to the end of a gruelling tour of duty, or so he thinks. Danny has a new mission. An MI6 agent needs to make contact with Syrian rebel forces, and also with the private military contractors who are - unofficially - training this rebel faction as it struggles to bring down their government and establish a new regime that will be favourable to British business interests. Danny will learn who the masters of war, the men who call the shots, really are. Danny discovers a world where death is dispensed by the highest bidder and individuals will betray anybody if the price is right.

Danny Watts's grandfather, Fergus, was a traitor. He was arrested and left to rot and die in a Columbian jail. That's what Danny is told when his hopes of becoming a soldier are destroyed. But he knows something the army doesn't seem to know. Ages 12+.

This ebook edition contains the full text version as per the book. Doesn't include original photographic and illustrated material. This book tells the stories of forty heroes, all awarded bravery medals for their conduct during Special Forces missions over the last 150 years. Often covert hit-and-run operations involving very small numbers of highly skilled men, those who partake in these missions know that their goals involve a high level of risk. They are men who would die for their country, no questions asked. With many incredible stories, particularly from the Second World War, including the Cockleshell Heroes, and other conflicts from the twentieth century, such as the Iranian Embassy siege, this collection of real-life action adventure brings the bravery of Britain's heroes to life. Every medal in Lord Ashcroft's extensive collection tells a story and these are some of the most thrilling.

The true story of a legendary SAS soldier who participated in the battle of Mirbat and assaulted the Iranian Embassy to free the hostages held within. No publicity, no media. We move in silently, do our job, and melt away into the background. If you have the stamina, the willpower and the guts, we'll welcome you with open arms and make you one of us. And if you haven't, then it's been very nice knowing you. Eighteen years in the SAS saw Pete Winner, codenamed Soldier 'I', survive the savage battle of Mirbat, parachute into the icy depths of the South Atlantic at the height of the Falklands War, and storm the Iranian Embassy during the most famous hostage crisis in the modern world. For the first time Pete also details his close-protection work around the world, from the lawless streets of Moscow to escorting aid convoys into war-torn Bosnia. He also un-

veils the problems of Post-Traumatic Stress Disorder faced by many Special Forces veterans, and how he battled his own demons to continue his roller-coaster career. This is his story, written with a breathtaking take-no-prisoners attitude that brings each death-defying episode vividly to life.

Theodore Knell went through hell in the SAS - but his biggest battle began when he left. A Hell for Heroes is a searingly honest autobiography about what life in the military service is really like. This is my life story and the story of my time in the SAS. I hope that any soldier who reads it will find some sort of connection with their own. I have tried to share my experiences honestly, and as such all of the incidents portrayed within this book are true, some so dark and painful that I often questioned whether I wanted to remain part of the human race. I hope it will provide you an insight into the life and mind of a soldier - what makes us the way we are, what drives us on when other men would fold, what binds us together like no other brotherhood on earth, what makes us laugh and what scares us shitless. Watching men die violently for the first time is not something I would wish on any young man. Yes, many who have not served will say 'It will make a man out of you son'. but what do they know? In reality it will destroy far more men than it makes, leaving many dead or crippled for life, some with wounds you can see, but far more with wounds which you cannot.

The British Army's SAS--the Special Air Service--is recognized as one of the world's premier special operations units. During the Gulf War, deep behind Iraqi lines, an SAS team was compromised. A fierce firefight ensued, and the eight men were forced to run for their lives. Only one, Chris Ryan, escaped capture---by walking nearly 180 miles through the desert for a week. The One That Got

Away is his breathtaking story of extraordinary courage under fire, of narrow escapes, of highly trained soldiers struggling against the most adverse of conditions, and, above all, of one man's courageous refusal to lie down and die.

Sergeant Andy McNab recounts the story of the top secret mission that would reveal the secrets of the SAS to the world for the first time. Their location: Iraq Their mission: to sever a vital enemy underground communication link, to find and destroy mobile Scud launchers Their call sign: Bravo Two Zero When eight members of the elite SAS regiment embark on a highly covert operation, they are each laden with 15 stones of equipment, needing to tab 20km across the desert to reach their objective. But within days, their location is compromised. They engage in a fierce battle. They escape on foot to the Syrian border. Three men die. One escapes. But four men are captured. For them, the worst is yet to come. Delivered to Baghdad, they are tortured with a savagery for which not even their intensive SAS training has prepared them... This is a story of superhuman courage, strength, endurance and dark humour in the face of overwhelming odds. It shows just how much it takes to be a member of the SAS.

THINK YOU KNOW THE SAS? THINK AGAIN... From no.1 bestselling SAS hero Chris Ryan, comes MANHUNTER: the first book in an explosive new series featuring Josh Bowman, a battle-worn Regiment soldier hand-picked to join a shadowy unit within the SAS.

_____ When foreign governments act like gangsters, a new kind of SAS is needed . . . In London, assassins carry out a deadly chemical weapons attack at the royal wedding. All the signs point to a Kremlin-sanctioned hit. Their victim: a notorious mobster. 'The Cell' is a shadowy unit within the SAS, dedicated to fighting global organised crime. In a world where the Russian government is the real mob, it's the job of the Cell to defend British interests at home and abroad. Only the elite are selected; only the very best will survive. For SAS staff sergeant Josh Bowman, whose young family was brutally murdered by an Albanian crime gang, it's a chance for revenge - and to bury his secret opioid addiction. But the Russians have only just begun. When the Cell uncovers a sinister plot against a British-backed tyrant in Africa, they are quickly drawn into a deadly race against time. Soon they find themselves fighting a terrifying enemy in a brutal fight to the death. Outnumbered, outgunned and with no military support, Bowman and his comrades are all that stand between Moscow and ultimate victory . . . _____ Praise for SAS legend Chris Ryan: 'Ryan writes with the authority of a man familiar with every nuance of the regiment's tactics, training, weapons and equipment' - SUNDAY TIMES 'Nobody takes you to the action better than Ryan' - EVENING STANDARD 'Intelligent and enthralling' - FINANCIAL TIMES 'The action comes bullet-fast' - THE SUN 'Fearsome and fast-moving' - DAILY MAIL

NEW YORK TIMES BESTSELLER • The incredible untold story of World War II's greatest secret fighting force, as told by the modern master of wartime intrigue—coming soon as a limited series on Epix! “Reads like a mashup of The Dirty Dozen

and *The Great Escape*, with a sprinkling of Ocean's 11 thrown in for good measure."—Michiko Kakutani, *The New York Times* ONE OF NPR'S BEST BOOKS OF THE YEAR • "Rogue Heroes is a ripping good read."—Washington Post (10 Best Books of the Year) Britain's Special Air Service—or SAS—was the brainchild of David Stirling, a young aristocrat whose aimlessness belied a remarkable strategic mind. Where most of his colleagues looked at a World War II battlefield map and saw a protracted struggle, Stirling saw an opportunity: given a small number of elite men, he could parachute behind Nazi lines and sabotage their airplanes and supplies. Defying his superiors' conventional wisdom, Stirling assembled a revolutionary fighting force that would upend not just the balance of the war, but the nature of combat itself. Bringing his keen eye for detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to the SAS archives to shine a light on a legendary unit long shrouded in secrecy.

Explosive SAS action in East Timor, Iraq and Afghanistan. The command came: 'Stop those vehicles!' It was like a red rag to a bull. Instantly streams of 7.62 mm tracer and 50 mm calibre machine gun rounds arced across the night sky and smashed into the bus and truck. Elite SAS Patrol Commander Stuart 'Nev' Bonner takes us inside the extraordinary and dangerous world of secret combat operations in this explosive, behind-the-scenes look at life inside the SAS. A world where capture means torture or death, and every move is trained for with precision detail to bring elite soldiers to the very peak of fighting ability. In a career spanning twenty years, fourteen of them in the SAS, Bonner shares with us the inside story of being out in front ? and often behind enemy

lines. From patrolling the mountains of East Timor to covert operations in Bougainville and the Solomon Islands, from sweeping into the Iraqi desert ahead of invading US forces to cripple Saddam Hussein's communications to patrolling in war-torn Baghdad and being in the middle of the disastrous Operation Anaconda in Afghanistan ? this is a no holds barred account of what it like to live, eat and breathe SAS.

"Author of the phenomenal national best seller, *Born to Run*, Christopher McDougall now travels to the Mediterranean where he discovers that the secrets of ancient Greek heroes are still alive and well on the island of Crete and in the muscles and minds of fitness enthusiasts everywhere. While researching *Born to Run*, Chris McDougall encountered the story of Pheidippides, the legendary ancient Greek 'all-day runner.' Later, when McDougall met a dedicated amateur historian, he saw a connection to one of the most fascinating mysteries of World War II: How did a small band of Resistance fighters surrounded by German troops kidnap a top German general? What he discovered is that ancestral techniques for extraordinary endurance, natural movement, and nutrition allowed ancient Greek soldiers and Cretan shepherds to race across mountains on all-night missions. Inspired by their heroic acts, McDougall sets off to discover the lost art of the hero, both throughout history and across the world. Just as *Born to Run* inspired casual runners to get off the treadmill, out of their shoes, and into nature, *Natural-Born Heroes* will inspire casual athletes to leave the gym and take their fitness to nature doing cross-training, mud runs, parkour and free-running to bound--and climb, swim, skip, wade, and jump--their way to heroic feats"--

SAS Heroes contains former SAS member Pete Scholey's memories of 20 soldiers who were genuine heroes, although many were never recognised as such during their lives or even in death. It is a book of stories about soldiers who fought for their country with no desire to be famous, feted or rewarded, many of whom died in action. A few received medals, and all earned the respect and admiration of their fellow soldiers, their names and faces etched into the true history of the SAS. Some of the stories of Pete's heroes have never been told before and certainly none of the tales of combat and life in the regiment have been told in such a touching, real and compelling manner.

Danny Watts' grandfather, Fergus, was a Deniable Operator in the SAS before he was betrayed, imprisoned, and falsely denounced as a traitor. Now Fergus has escaped, but the real traitor is determined to silence Fergus and Danny for good. Together Danny and Fergus are forced to go on the run in an against-the-odds battle for survival. As they try to clear Fergus' name, Danny learns all the military field craft, trade skills, and covert operations techniques that are second nature to his grandfather. When Fergus is recaptured, Danny must put those skills to the test and rescue Fergus before it's too late.

Can SAS hero Peter become the champion everyone wants him to be? Can he discover the alien agenda? Can he reconcile the love for his wife and the animal magnetism of the beautiful vampire Lucia? This Sci-Fi action adventure will grab you by the balls and take you on a roller coaster ride ...sometimes horrific, sometimes comic - it will keep you guessing right until the climatic finale. Fans of films like Independence Day will love this book as well as hard core Sci-Fi addicts with its descriptions of alien technology and leading edge weaponry. It also asks deeper questions about race, religion and our place in the world as humankind fights for its very survival.

Ultimate soldier. Ultimate mission. But can the SAS prevent British Task Force being destroyed by exocet missiles?

Ben Tracey is on holiday in the Cayman Islands when a hurricane warning means he and his new friend, the son of an oil billionaire, must fly out of range. But as the plane heads for Miami, an unfamiliar voice comes over the tannoy: the aircraft has been hijacked. If anyone tries to make their way into the cockpit, they

will be instantly shot . . . So begins this dramatic adventure, the fifth in the exciting Code Red series.

When ex SAS hero, Rick Fuller first arrived in Manchester, he was a man devastated by grief, and drinking straight from the bottle. Rick needed to get back to work, and to do that, he required a new identity. Fuller gave the last of his cash, to expert forger and gun runner, Spiros Makris. The Greek turned Richard Fuller, into Stephen Colletti overnight, and the pair began a business relationship that would see them both become very rich men. Now, Makris is missing, and Rick is determined to solve the mystery of his disappearance. Fuller's investigations lead him back into the seedy depths of Manchester's underworld, then onward, to the home of the most powerful Mafia on the planet... Albania. After the shocking toll inflicted on the team in Ireland, is taking on the Albanian Mafia in their own back yard, just one step too far for Rick Fuller?

A man that will seek out the killers and dispose of them, without a second thought. A damaged ex SAS hero that will do anything if the price is right. A man called Rick Fuller. THE FOLLOWER is book four in the best selling Rick Fuller Thriller Series. Furiously paced, deliciously violent and with laugh out loud humour. This action packed thriller will appeal to readers who like Lee Child, Stephen Leather and Chris Ryan. Praise for the Rick Fuller Series: "A cracking action adventure series with a great cast, all set in Manchester... Breathtaking"

Entering the SAS after serving with the Royal Green Jackets, Gaz Hunter was following a family tradition. His missions have ranged from extracting hostages in Sierra Leone to counter-terrorist operations in Northern Ireland - and he has always led from the front. A former senior NCO of the SAS, Hunter is the highest-ranking member of the regiment to

tell his story yet.

A RICK FULLER THRILLER. Book 5, THE FELLOWSHIP. Todd Blackman's murderers are dead and Yunfakh, the latest organised crime gang to come out of the Arab world have been driven from the streets of Manchester. But MI6 and the CIA are now determined to rid the rest of the world of this powerful new gang by targeting their leader Abdallah Al-Mufti. With Des wounded, Cartwright tasks Rick to travel to Southern Ireland alone. Posing as an old IRA player, Fuller's job is to buy a stockpile of weapons left over from the Troubles and sell them to men he hopes will lead him to Al-Mufti. However, what is left of the Provo's have other ideas. Even twenty years on, Rick Fuller's scalp is a precious commodity. With action from beginning to end, THE FELLOWSHIP is a rip roaring ride that will keep you turning the pages until the very end.

The second book in the Chris Ryan Extreme series. Former SAS hero John Bald is a man at war with himself and fighting a losing battle with the bottle. But then he is reluctantly thrust back into battle... In the race to develop ever more powerful weapons, technology has become the new frontline in global terrorism. And when one of America's most cutting-edge defence contractors suspects a sleeper cell operating in its midst, the Firm reaches out to its most cold-blooded son. Bald's mission: kill the sleeper before they can smuggle top-secret weaponry into the hands of the West's deadliest enemies. But the mission goes sideways, and Bald is the fall guy. Now he must pursue the sleeper from the ghettos of Florida to the war-torn streets of Tripoli, in a relentless hunt for the technology and the truth. Shadowed every step of the way by a ruthless CIA hitman, Bald soon finds that the lines be-

tween friend and enemy are blurred, and he'll have to call on all his warrior instincts to stay alive... The Chris Ryan Extreme books take you even further into the heart of the mission with even more extreme action, more extreme language and more extreme pace. Like Call of Duty or Medal of Honor, you'll feel part of the team. Chris Ryan Extreme: Night Strike has previously been published as four separate shorter missions. Now combined in one ebook to keep you at the centre of the action.

Ken Follett's magnificent historical epic begins as five interrelated families move through the momentous dramas of the First World War, the Russian Revolution, and the struggle for women's suffrage. A thirteen-year-old Welsh boy enters a man's world in the mining pits. . . . An American law student rejected in love finds a surprising new career in Woodrow Wilson's White House. . . . A housekeeper for the aristocratic Fitzherberts takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with a German spy. . . . And two orphaned Russian brothers embark on radically different paths when their plan to emigrate to America falls afoul of war, conscription, and revolution. From the dirt and danger of a coal mine to the glittering chandeliers of a palace, from the corridors of power to the bedrooms of the mighty, Fall of Giants takes us into the inextricably entangled fates of five families—and into a century that we thought we knew, but that now will never seem the same again. . . .

"War doesn't start at nine in the morning and finish at five at night . . . As the war progressed I soon learned there was no time, dates, or even an outside world, it

was just an existence." Phil Stant's story is miles from your usual soccer player's rags-to-riches tale. He might have grown up like many 1960s kids—idolizing George Best and dreaming of playing at Wembley—but his life before professional football included bomb disposal, maneuvers in the dark, and seeing frontline action in the Falklands. Throughout his school days, Stant dreamed of gracing the field and hearing thousands of fans cheer his name. As his thoughts turned to an army career, however, he endured rigorous training and was soon engaged in combat and military exercises. Part of the task force that sailed to regain the Falkland Islands, Phil witnessed the defining moment in the Falkland Islands conflict—the sinking of the Sir Galahad. He never gave up his love for soccer, and swapped the thrill and excitement of the battleground for it, playing for a string of teams including Notts County, Reading, Fulham, Brighton and Lincoln City. Including an account of his return to the Falklands on the 25th anniversary of the conflict and with candid anecdotes told in Phil's frank style, this is a must-read for sports and military enthusiasts. In the winter of 1996, on the orders of the British Government, the SAS stole the contents of a safe belonging to the Provisional IRA. Rick Fuller headed that team. Days later Fuller's wife was brutally murdered at his home. Convinced he was betrayed from within, Fuller begins a relentless search for her murderers and the men who gave the order. Ten years on Fuller is a Manchester gangland enforcer, a lone and bitter figure. Fuller recruits an old colleague to help him recover a consignment of cocaine from Amsterdam. In the search, doors open on the past and Fuller can finally take his revenge on the men who betrayed him.

In today's increasingly hostile climate people are anxious about how to keep themselves safe. Chris Ryan served in the SAS for seven years and in several war zones throughout the world. During this time he was the Regiment's top striker and in 1991 during the infamous Bravo Two Zero mission behind Iraqi lines he was the only member of the team to evade capture and fight his way to safety, for which he was awarded the Military Medal - his CO said he had 'made Regiment history'. He is the author of best-selling fiction based on his own experiences and is an expert in dangerous situations. Here he tells you how to keep yourself and your family safe from the perils of modern urban life. He leads you through a variety of situations including what to do if: - You are walking down the street and think you are being followed - You find yourself confronted by a threatening group of people or a gang - You find yourself caught in the middle of a riot - You hear gunfire or explosions in a crowded place (e.g. shopping centre) - You hear on the radio that Russia has launched nuclear missiles that will land in the centre of London in two hours.

An innocent meeting of a reading group sparks a series of bizarre events. Three troubled people, driven by loneliness, vanity and revenge, hurl themselves on Inverness public library to find that nothing is as they expect.

From the #1 New York Times bestselling author of Vince Flynn's Mitch Rapp Series Special Agent Mark Beamon is a maverick. His open disdain for the FBI's rules--and Directors--has exiled him to a no-profile post in the boondocks. But when a shadowy right-wing group starts flooding America's emergency rooms with dead and dying, Beamon is summoned back to Washington. Teamed

with an icily efficient female field agent, he is given the thankless task of stopping the slaughter--even though millions of Americans secretly approve of it! As the body count rises, Beamon realizes there is something eerily familiar about his adversary, reminding him of the coldest killer he ever encountered--not a criminal but a law enforcement colleague. And for the first time, he wonders why he was chosen for this assignment. Was it his expertise--or his expendability?

Some authors just write about it. Chris Ryan has been there, done it, and lived to tell the tale. Agent 21 is the first in the action-packed adventure series by the real-life SAS hero. When Zak Darke's parents die in an unexplained mass murder he's left alone in the world. That is until he's sought out by a mysterious man: 'I work for a government agency,' the man tells him. 'You don't need to know which one. Not yet. All you need to know is that we've had our eye on you. There's a possibility you could help us in certain . . . operational situations.' Zak becomes Agent 21. What happened to

the 20 agents before him he'll never know. What he does know is that his life is about to change for ever . . .

Daniel Defoe's *Railway Journey* describes the odyssey undertaken by two eccentric pensioners as they travel on every mile of railway track in the UK. Surreal and poignant by turns, Stuart Campbell describes the people they meet and the unwanted adventures that befall them. He is aided and abetted by the ghost of Daniel Defoe, writer, soldier, businessman and spy who completed his own journey in the 1720s.

"Gentlemen Jim' Almonds ... was among the first handful of men to join David Sterling and his original 'L' Detachment, which grew into the modern SAS in the Western Desert in 1941. Then a sergeant in 8 Guards Commando, Almonds became one of the 'Tobruk Four' who developed the technique of four-man clandestine operations and carried it into the SAS"--Page 4 of cover.

The edge-of-your-seat thriller from the #1 bestseller. 'A gripping tale that will have you turning the pages well into the night' MARK DAWSON
